Subject: Application for Technical Team Lead Position at Zone01 Kisumu

Dear Hiring Manager,

I am writing to express my interest in the Technical Team Lead position at Zone01 Kisumu, as advertised. With a robust background in software engineering and over 5 years of hands-on experience, I am eager to bring my technical expertise, leadership skills, and commitment to excellence to your innovative organization.

I have previous experience of working as a technical team lead at Andela where I helped guide a team of junior developers based in Rwanda. In my current role as an Odoo custom app developer and API developer for mobile applications at Sanergy Kenya, I have demonstrated proficiency in Python development, frameworks such as Django and Flask, and diversified my skills into frontend development using React Js and backend development with Nest Js.
